

# Software for Woodworkers:

## VENDOR SHOWCASE

June 26, 2010  
 Renaissance Plantation Hotel  
 1230 South Pine Island Road, Plantation, FL

This is your chance to review five of the most popular software tools that can help you manage your shop efficiently. Get an up-close-and-personal look at what the applications can do and how they could fit into your operation. This information packed day is set up to maximize the time you spend evaluating new software.

Already own and use some of these applications? This is your opportunity to see the latest versions and features. Get answers to any questions you might have. Network with others to see how they are using the application in their shops.

Paul Hansen  
**ETEMPLATE SYSTEM**  
 www.etablesystem.com

**ETEMPLATE PHOTO** is a full three-dimensional digital measuring system. If the camera can see it, it can measure it! ETemplate technology makes templating fast and simple with its automatic job processing, automatic CAD drawing, and BackPlot that lets you see the actual template on the actual cabinet that it is being measured to fit onto.

Russ Rucks  
**ROGER SHAW & ASSOCIATES**  
 www.rogershaw.com

**MICROVELLUM TOOLBOX** allows you to generate all of the manufacturing information necessary to streamline your production flow. From shop drawings and manufacturing information to custom product creation, reporting, and direct machine code generation - Microvellum Toolbox has the tools to maximize your productivity.

**ON-SCREEN TAKEOFF** is an easy-to-learn construction estimating and takeoff program that cuts your normal takeoff time in half. Quickly measure areas and lengths on-screen by just pointing and clicking the mouse.

Mark Stearns  
**TASKKLOCK, INC.**  
 www.taskklock.com

**TASKKLOCK** is a touchscreen-based software tool for tracking job costs, time and materials for small manufacturers, architects, engineers and other professionals and service providers, giving you an affordable, accurate, simple way to gather real-time data and do billings based on actual time and materials used on jobs.

*All logos and applications are trademarks of their respective companies.*

Norman Fink  
**TRAKWARE SYSTEMS, INC.**  
 www.trakware.com

**TRAKWARE** software empowers business-critical functions for the custom manufacturer such as estimating, advanced scheduling, job costing, production management, inventory, capacity management and planning, labor-material shop floor and field installation data collection.

The Florida Chapter AWI  
**BOARD OF DIRECTORS**  
 will meet on Friday evening, June 25, 2010, at 5:30pm  
 at the Renaissance Plantation Hotel.  
 All Chapter members are welcome to attend.

# Software for Woodworkers:

## AUTOCAD FOR WOODWORKERS

June 26, 2010  
 Renaissance Plantation Hotel  
 1230 South Pine Island Road, Plantation, FL

Make immediate improvements in your daily use of AutoCAD — from improving your speed with time-saving techniques, to integrating the new Architectural Woodwork Standards into your drawings, to expanding your knowledge of AutoCAD capabilities such as dynamic blocks, fields, and 3D drawings. This fast-paced course will cover basic through advanced topics, with depth and breadth determined by attendees' abilities.

Attendees are highly encouraged to bring a laptop with AutoCAD installed, but it is not required.

### COURSE TOPICS

- Keeping up with technology: an overview of new features in the most recent version of AutoCAD
- Dynamic blocks and libraries
- Breaking into 3D
- Impact of the newly published Architectural Woodwork Standards on drafting practices
- General tips and tricks
- Discussion

### INSTRUCTOR

Christopher McVey of Resource: Engineering, Inc., an experienced woodwork detailer, is the course instructor. In addition to his detailing experience for a wide variety of clients and project types, Chris was AutoCAD's Ask The Expert for July 2009, and is an AutoCAD alpha and beta tester.

### Next Florida Chapter Event

## 44th Annual Change Over Celebration

October 8–10, 2010  
 South Seas Island Resort  
 Captiva Island, FL

### Program
